

Clorox Screen+ Sanitizing Wipes

Safeguard your facility's electronic equipment

In healthcare facilities, screens are everywhere and are touched by many people every day—in registration areas, nurses' stations, administrative areas, and patient rooms. Clorox Screen+ Sanitizing Wipes are a quick and effective way to safely clean and eliminate bacteria from sensitive electronic equipment,* such as touchscreen monitors, keyboards, and mobile devices.

SANITIZE

- ▶ EPA-registered to kill 99.9% of bacteria in 10 seconds†
- ▶ Eliminate *E. coli*, Staph, Salmonella and more

CLEAN

- ▶ Clean touch screens, keyboards, mobile electronic equipment and more
- ▶ Remove fingerprints, smudges and dust

SURFACE SAFETY

- ▶ Made for electronics and will not damage delicate touchscreens*
- ▶ Bleach- and alcohol-free active ingredient
- ▶ Quick-dry, no-drip wipes are 35% less wet than the leading professional cleaning wipes†
- ▶ Low-linting, non-abrasive cloth for scratch-free cleaning of sensitive electronics*

Cleaning Performance
